

## ABBOTT HAD LONG CALENDAR

One Hundred Compensation Cases Disposed of in Less Than Four Hours at Court House—Those Who Had Claims.

Deputy Commissioner W. A. Abbott of the State Industrial Commission who heard claims for compensation under the State Compensation law at the court house Tuesday, although he had a calendar of 100 cases, beginning the hearing after 9 a. m. was through shortly after 1 p. m. A number failed to appear and there were quite a number of cases continued in which the compensation allowed at previous hearings is being paid by the carriers because the claimants were still unable to return to work by reason of the injury received. Several cases were closed. The claimants' names first, employer's name second, and carrier, being the insurance company, last.

GAS BUGGIES—It's a sad story, makes.

SWIFT TOWARD THE BORDER AT CLOSE OF DAY BLOODY THUNDERED HIS THIRSTY WAY THE SMOOTHING AIR VERY LIGHTLY BORE A SWEET AROMA WE KNOW NO MORE HIS THIRST REVIVED—BEGAN TO SOAR AS MADLY FORWARD THE OLD BUS TORE TO THE LAND WHERE YOU ARE FREE AND CAN TO CUBA—TWENTY MILES AWAY.

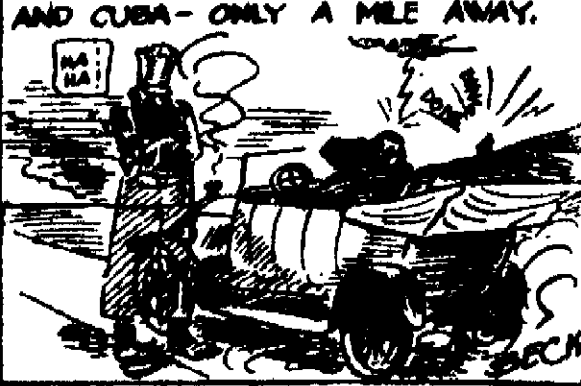

HE LOWERED THE WINDSHIELD AND THE TOP WITH THROTTLE OPEN—NO TIME TO STOP FOR THERE THRU THE FLUSH OF MORNING LIGHT STOOD AN OMINOUS FIGURE OF LAW AND MIGHT READY TO STAY HIM IN HIS FLIGHT THE MINUTE AFTER IT TURNED MIDNIGHT THE BLUE LAW COP WOULD THEN HOLD SWAY AND CUBA—FIFTEEN MILES AWAY.

ACROSS THE HORIZON A STREAK OF GRAY USHERING IN THE SABBATH DAY MADE HIS FEVERISH BLOOD RUN COLD HIS THOUGHTS GREW WILD AND UNCONTROLLED THE WHEEL SWERVED IN HIS LOOSENED HOLD AND THE OLD TIN LIZZY PITCHED AND ROLLED REMEMBERING THE END OF THE ONE NOSS SWAY AND CUBA—FIVE MILES AWAY.

IN DESPERATION HE OPENED HER WADE HE HAD BUT A MINUTE TO WIN HIS RIDE WHEN PEALING CHURCH BELLS GAVE HIM PAUSE AND CHECK HIS SPEEDING BUS—BECAUSE HE WAS VIOLATING THE NEW BLUE LAWS AND LIKE THE CAMEL WITH TOO MANY STRAWS HIS HEART STOPPED BEATING IN DISMAY HED HAVE TO WAIT ANOTHER DAY AND CUBA—ONLY A MILE AWAY.

"Keeps the Foot Well"

Speaking of Suffrage—

A lot of men

And a lot of women

Have all these years

Amended their constitution

To fit their shoes

Instead of making their shoes

Fit their constitution

We used to think

That if a shoe

Was easy and comfortable

It had to look

Like a canal boat

And weigh a ton—

And we also thought

That every good-looking shoe

Squeezed and pinched

And ruined your feet

And raised a crop

Of bunions and corns

Until one day

We saw a man

With good-looking shoes

Which didn't look

As though they hurt—

And not long after

We saw a woman

Who looked like a model

At the Shoe Style Show

And she seemed happy—

And we talked with both

And got the same answer—

And we bought a pair

Of the shoes they named—

And we met the man

Who invented the shoe—

And we found that he

Had invested every cent

He had in the world

In shoe experiments

And is now a rich man

At FIVE CENTS per pair

From the shoe he invented!

And we wish to say

For EQUAL RIGHTS—

That men have nothing

On women, nor women on men

For Arch Preserver shoes

Offer the same freedom

To the feet of both!

WE THANK YOU!

## GALA NIGHT FOR SAUGERTIESK.O.P.

Tuesday night was a gala one for the members of North American Lodge, No. 115, Knights of Pythias, of Saugerties, when Deputy Grand Chancellor Guy C. Crosby accompanied by Grand Chancellor Canfield and about twenty-five members of Franklin Lodge, No. 27, K. of P., of this city visited the Saugerties lodge for the purpose of installing the officers of North American Lodge, and the officers of C. E. Hamilton Uniformed Rank. Besides the members present from Kingston there were delegations from Wallkill Lodge, No. 162, of New Paltz, and Hoge Lodge, No. 1, of Port Jervis. Following the installation of the officers 150 knights sat down to a banquet. W. N. Conner of Franklin Lodge acted as toastmaster and introduced the speakers of the evening. Among those who gave very interesting talks were Grand Chancellor Canfield, Deputy Grand Chancellor Crosby, General Sheppard, Mr. Lewis, D. W. Benton and others.

The officers of North American Lodge who were installed by Deputy Grand Chancellor Crosby and staff, and the officers of the Uniformed Rank were installed by Brigadier General Seward Sheppard, Major McCarthy and Major Lewis.

The officers of North American Lodge who were installed are: C. C. Clayton Miller; V. C. Charles E. Drum; prelate, Arthur MacLary; K. of R. and S. Irving Russell; M. of F. Fred Kraus; M. of E. L. H. Kleeber; M. of W. Henry Vanderbeck; inner guard, George York; outer guard, Leon Magee.

## FARRELL PLAYED OUT, SAYS HINTON

Fell From Exhaustion Several Times on Third Day of Wandering and Finally Asked Others to Go on Without Him.

By Telegram to The Freeman.

Rockaway, N. Y., Jan. 19.—Lieutenant Stephen A. Farrell, the eldest of the three "lost" balloonists, fell several times from exhaustion on the third day of their wanderings in search of a habitation, and asked that his companions go on without him. Lieutenant William Hinton, of No. 4, and one of the airmen on the Canadian flight, testified today at the naval board's inquiry. Lieutenant Hinton said that he consulted with Lieutenant Kloor, in command of the flight, upon the advisability of taking a knife from Farrell and proceeding without him, in the hope that the man they were seeking would "be found just around the corner."

Lieutenant Hinton testified that on this day, December 16, Lieutenant Farrell handed him \$44 saying: "You keep it. If any one gets through you will."

## FINANCIAL AND COMMERCIAL

New York, Jan. 19.—Stocks were in scant supply at the opening of the stock market today, causing advances in the principal issues. The specialties were most prominent. Famous Players advancing over two points to 57½ and General Asphalt continued its upward movement with a further gain of over 1 point to 62. A few issues showed small losses at the opening, but in most cases these were the result of small selling orders that were placed without fixed limits and were sold in the market. Republic Steel was an instance, yielding ¼ at the start to 68 and then selling back to 65½. Steel Common shaded off to 82, while Baldwin rose ½ to 91½. American Beet Sugar rose over 1 point to 47½. Mexican Petroleum, after yielding to 161, rose to 161½. Reading, after selling at 84½, came back to 87.

The market maintained a strong tone during the forenoon with further gains being made in the majority of issues. Steel Common ranged from 83 to 83½ and Baldwin Locomotive rose over 1 point to 92½. General Electric rose over 5 points to 129. The leather stocks also made good upturns. The motor stocks were in demand, Studebaker advancing 1½ and Chandler over 3 points.

The market continued its advance during the afternoon, although a number of issues reacted from the highest levels of the day. The traction issues suddenly developed activity, Third Avenue advancing nearly 2 points to 18½ and Interboro Preferred 1½ to 15½. Brooklyn Rapid Transit rose to 20½.

The market closed strong; government bonds unchanged; railway and other bonds steady.

Glens Falls, N. Y., Jan. 19.—Two earthquake shocks were felt at Corinth, Saratoga county, at five o'clock this morning, accompanied by a rumbling sound and resulting in two cracks in the earth's surface one one-fourth of an inch wide and several rods long, the other five or six inches wide and several feet in length. No damage was done. Tremors were also felt in Lake George village, twenty miles from Corinth.

## SMITH AND LITTS PLEAD GUILTY

By Telegram to The Freeman.

When county court convened this afternoon George E. Smith and John F. Litts, indicted jointly for unlawfully entering a building in the town of Lloyd, withdrew their pleas of not guilty and pleaded guilty. A. D. Lent, appearing for Smith and Chris J. Flanagan for Litts, Smith was sentenced by Judge Fowler to three months in the county jail. Litts will be sentenced tomorrow.

In the case of Gordon Purbanus, Alfred Burzee, John Frederick, indicted jointly with Raymond Ryan for grand larceny in the second degree, Attorney Francis C. Merritt withdrew their former pleas of not guilty and entered pleas of guilty. Burzee was sentenced to Randall's Island and Frederick and Purbanus to the Elmira Reformatory. Execution of sentence was suspended on their good behavior and the boys were paroled in the custody of Sheriff Kotts and the Rev. F. W. Moot. Ryan was reported to be ill by Attorney William D. Brinnier. Judge Fowler said that he was surprised of Ryan's sudden illness and had therefore communicated with his physician, Dr. Frank Eastman, and found that the boy is sick. He will hold the matter for Ryan's possible recovery.

All the cases scheduled for today having been disposed of, court adjourned until tomorrow morning at ten o'clock.

## AGRICULTURAL BILL SMALLER

By Telegram to The Freeman.

Washington, Jan. 19.—The agriculture appropriation bill reported to the house today carried a total of \$23,517,459. This is \$1,804,475 less than last year's appropriation and \$19,511,225 less than asked by the department of agriculture this year. While the reductions in estimates were general, the most sweeping was in connection with funds for the national forestry preservation commission, which asked for \$10,000,000 and was allowed \$1,000,000. The appropriation for seeds was eliminated.

Old Myth About Bells.

There is a poetic myth that silver gives a sweet tone to bells. According to the bell founders, a silver bell would give about the same tone as one of wood. The origin of the myth, they say, is quaintly mischievous. For the want of transportation, it was the custom in more ancient times for bell casters to work in churchyards, where they erected temporary foundries. The parishioners would crowd about, and to them the founders would beg for more and more silver to give the bells a sweeter ring. The silver later found its way into taverns, but not into the bells.

Perceiving No Man Foo.

Deceit here to be well used in the work of hunting intruders or they have no chance. A porcupine will stop suddenly in full flight and as it were, instantly empty reverse engine, and come charging full backwards. The head dog I ever had, a bull terrier, was killed by this trick. He was absolutely without fear and simply threw himself upon the advancing animal of spines, and was in consequence speared and right through the heart. I can assure you I found porcupines to be at all a sport to be despised.—Examiner.

## AIM TO IMPROVE EXPRESS SERVICE

Announcement is made by W. F. Miller in charge of the local express forces, of the inauguration of a nationwide movement in the express business to be known as the "Right Way Plan." The purpose of this effort will be to increase the efficiency of the express service.

Agent Miller stated that he had selected a number of his most experienced workers to act as a special "Right Way Committee," to carry on an ambitious educational program to instruct local employees regarding the proper methods for handling every phase of the express business. This committee, composed of W. C. Mable, C. V. Hazard, E. E. Hopper and E. H. May, made arrangements for a meeting of the local express forces on January 17th, at which the Right Way principles of handling express matter were set forth by prominent express officials.

This meeting was held simultaneously with others throughout the country and introduced the plan, which has been adopted as a permanent educational policy of the express carrier. It is expected that all classes of express workers will be reached by this plan, including vehiclemen, comprising express drivers and route men, platform employees, in terminals and railroad stations; express messengers; waybill clerks, scalemen, checkers and office workers generally.

The cooperation of express shippers in this city will be enlisted in the movement. Special emphasis will be laid on what is called the "Right Way of Starting Express Shipments," with an explanation of the packing and marking regulations, the correct method for filling claims and for sending shipments. C. O. D., as well as other subjects calculated to be of interest to every express user.

### SENDS GOOD WISHES.

Kingston Interested in Success of Newburgh C. of C.

In two days 261 members have been secured by the Newburgh Chamber of Commerce in its reorganization drive. The total members of the chamber before the campaign began was 285. The following letter was sent the Newburgh Chamber by Judge Fowler, president of the Kingston Chamber of Commerce:

"Please accept heartiest good wishes of the Kingston Chamber of Commerce for the success of the Newburgh Chamber reorganization campaign. Our neighbors and yours have been a source of great pleasure to us and we are deeply interested in the success of your plans. We are glad to note that you have the cooperation of the American City Bureau which conducted our reorganization campaign in 1916. The broad vision and sound practical suggestions of the bureau have been of great value not only in the success of our 1916 campaign but as a basis for the growth of the Kingston Chamber since that campaign. Whereas we had, before our reorganization, about 100 members at \$5 per year we now have 675 members at \$25 per year, the growth in our work has, we believe, kept pace with the growth of our membership."

### Progressive Club Dance.

The Progressive Social Club will hold a dance in Pythian Hall this evening. Music for dancing will be furnished by Balfe's orchestra.

### Resolutions.

Deep and sincere sorrow welled forth when the message came to his many friends throughout the city that our commissioner, William R. Bennett, had answered the final summons. The sad intelligence came as a distinct shock to all of us when we were advised that he had entered the long, long journey to "the last and final awakening."

He set a high standard and his great and good work will be remembered and appreciated by all who came in contact with him through the years to come. He possessed a kindly generous and deeply sympathetic nature. He displayed a breadth of vision ever and always in keeping with the best precepts of life. He had a lofty spirit and noble ideals, which blended with a frank and friendly nature, animated all to a higher purpose. He has garnered flowers of love and affection, the sweetness of which will carry with them an undying fragrance. In our own board he rendered a faithful and fruitful work and made his influence and counsel felt for lasting benefit and good.

Resolved, That we, constituting the Board of Police Commissioners of the City of Kingston at a regular meeting held on January 13, 1921, do hereby express our sincere regret and sorrow at the loss we have sustained in the passing of our co-member of the board; and we give expression to our deepest sympathy to the members of his immediate family who have suffered such a grievous loss; and be it further

Resolved, that this resolution be spread upon the minutes and a copy transmitted to his family.

STORK CHANGES  
CALLING HOURSNew Pays Visit To Homes of Pros-  
perous Parents During The Day.  
Instead of At Night, As in Other  
Years, Physicians Say.If you should happen to see a  
stork flying over the house with a  
bundle in his bill during the day it  
is just a reminder that times  
change, and that the stork instead  
of waiting to fly down the chimney  
at night now boldly pays his expect-  
ed visits in the day time, according  
to the statement made by a well  
known local physician.Local health conditions were be-  
ing discussed today by a group of  
laymen and a physician, and the  
latter said that during the many  
years he had practiced in the city  
he had noted a gradual change in  
the schedule of the stork. In other  
years it was customary to receive  
an urgent call any time throughout  
the night, but within the past few  
years he had found that his calls  
occurred throughout the day.Why the stork should have de-  
cided to change his schedule from  
night to daytime he did not care to  
venture an opinion, but another  
fact that had been brought forcibly  
to his attention was that the stork  
was delivering better and more  
healthy babies in Kingston than in  
other years. Now the visitor arrives  
plump and healthy while in former  
years the majority of the stork's  
gifts were scrawny, and required  
more careful attention to develop  
them into strong and healthy chil-  
dren.Education and better living con-  
ditions he thought were largely re-  
sponsible for better babies. The  
families of today live in more san-  
itary surroundings and take better  
care of their health. While houses  
might not be more strongly built  
yet there were installed more mod-  
ern conveniences than existed a  
quarter of a century ago, or even  
later.As the years have passed wages  
have increased, and what formerly  
were considered luxuries to be in-  
dulged in by the so-called better  
class are now considered necessities  
in the majority of homes. Increased  
wages have gone hand in hand with  
education and as people grew more  
intelligent they not only demanded  
better and more convenient housing  
conditions, but they also began to  
take more intelligent care of their  
health.Not so many years ago a lavatory  
in the house was considered an  
absolute luxury, but today the  
majority of the houses have bath  
rooms, and a house without a bath-  
tub is considered strictly old  
fashioned. Modern plumbing and  
city water has succeeded the old  
fashioned pump and well. More up-  
to-date heating equipment adds to  
the home comforts during the win-  
ter.Kingston, as well as other cities,  
has adopted the slogan of better  
babies, and during the summer  
months the local board of health  
maintains a child welfare station in  
the city hall in charge of a com-  
petent physician and a trained  
nurse. When conditions grow nor-  
mal and the tax rate lower, the  
work will probably be carried on all  
the year round.

## Cornell Landmarks Pass.

Two of the three giant white pines  
at the head of President's avenue  
have at last bowed their heads. Fa-  
miliar to many generations of Cor-  
nellians, these two landmarks, which  
towered over their neighbors, the  
beautiful elms planted by the Class  
of '72, have outlived their usefulness  
and are now storedwood. One of the  
laborers employed by the University  
—a genial, red-faced old Irishman—  
stopped the saw which was cutting  
into the heart of one of these old  
monarchs, and straightened up to  
say:"Yes, sor, thirty-three years ago,  
when I first came to Ithaca and Mr.  
White was president, and lived in  
that very house you see there, I  
pointed over his shoulder to the  
president's house overlooking the  
campus and valley from its emi-  
nence at the head of the avenue.  
"When I first came here, these trees  
was as big as they are right now,  
and there's others will tell you the  
same. Nobody knows how long  
they've been a-standing here.""And a shame it is to cut 'em  
down, sor, but you know they was  
shadin' the elms, and the poor old  
elms was dead anyway. Shame and  
pity they're after needin' a rest,  
too, watchin' over Cornell those long  
years the same as President White  
himself. Ah, there was a grand old  
man, and don't you forget it, sor!"  
So these two monarchs of the for-  
ests that covered the hills above  
Cayuga long before Mr. Cornell was  
born, have passed to their rest. They  
have seen a great university sprout  
up and grow to their very feet;  
many problems have been solved  
and many hearts made lighter un-  
der the shade of their branches.  
Possibly these tall and stately trees,  
standing straight and true against  
the sky at the top of the hill, helped  
to influence the founder to choose  
this spot for the beginnings of Cor-  
nell.—Cornell Alumni News.

## Teaches Birds to Sing.

Taking advantage of the winter  
fascination of song birds, a simple meth-  
od has been devised which  
actually teaches crows and other  
birds how to sing. The method  
is simple, says a Popular Sci-  
ence Magazine. A small water-  
proof cylindrical metal tank, in which  
a slightly smaller inverted tank slides  
up and down, is placed around a  
bird. The bird is then placed in the  
tank of different tones.

## Simple Food Agreed With Them.

The wealth of the Cyprian is usu-  
ally estimated by the number of crows  
seen there this season. Native birds  
from the Middle Islands sometimes  
arrive in Cyprian, built, staid, and  
glad and laden with the produce of  
the countryside. A shipwrecked crew  
was cast upon the South Sea Islands,  
where the birds remained for several  
months, living solely on coconuts and  
a little boiled fish, which they returned  
they had all increased in weight.

## DR. CRAFTS TO REFORM NEWBURGH

Preliminary steps in making the Hudson valley "blue" have been taken. The Rev. Wilbur F. Crafts of Washington, D. C., head of the International Reform Bureau, dropped into Newburgh Monday evening "to help improve the atmosphere of your beautiful city."

Dr. Crafts was not by dwarf at whose invitation he had gone to Newburgh, and a conference was held in the Y. M. C. A. He left the city as hurriedly as he had arrived.

Although the object of his visit was not made known it is expected that "something is in the air." Dr. Crafts said that he did not propose doing all the work of improving Newburgh. He estimated that some action will be taken to convert motion pictures more strictly.

Matta Was Discharged.  
Policeman Healey on Tuesday arrested Peter Matta on a warrant charging him with assault in the third degree. Later Matta was arraigned before Judge Shufeldt when James Leach, who had lodged the charge, withdrew the complaint and Matta was discharged.
